EXPERIENCE CERTIFICATE

It is certified that **DR MUHAMMAD HASHIM S/O HAJI SAHIB DAD** has been working in Cardiology Department Bolan Medical College since 2015. He has successfully completed five years and 5 months working as Teaching Faculty of Bolan Medical College as Senior Registrar from February 2016 till May 2018 and then from My 2018 till date as Assistant Professor in Sandeman Provincial Hospital which is the teaching unit of Bolan Medical College, Quetta.

During this period, he independently performed more than 400 diagnostic angiographies which included mostly coronary and some cases of carotid and peripheral. He also performed more than 100 coronary interventions annually as first operator which include both elective PCIs as well as Primary PCIs, early invasive and rescue angioplasties.

I have found him very punctual and hardworking who is always eager to learn more and participate in all type of academic activities. He acquired excellent experience and skills in all aspects of Interventional Cardiology.
